Internal Audit Advisory

Internal Audit Co-Sourcing

Co-Sourcing Internal Audit is designed to help you reduce organisation's cost, free up capital, and enable you to highly focus on your competitive advantages, which could lead you to accomplish strategic objectives.

Process and Internal Control

As your organisation grow and mature, the needs of robust and efficient control system becomes crucial. BDO team helps your organisation to create and develop control processes to mitigate your specific risks.

Quality Assurance Review

Our in depth experience and knowledge to provide an independent quality assurance review can identify ways to enhance your internal audit function to comply with professional standards.

Risk Management Advisory

Fraud Risk Management

Fraud can lead to an organization legal, regulatory, or reputational damage. Our team can identify your business areas that are prone to fraudulent activities, set risk priorities, design and implement anti-fraud frameworks that enable effective and consistent fraud prevention.

Fraud Risk Assessment

Having a reputation for integrity is essential to maintain market confidence and public trust. Unfortunately, fraud and misconduct can destroy such efforts, and negatively impact employee morale. BDO Advisory professionals are aimed at helping you to identify and manage fraud risks by conducting Fraud Risk Assessment (FRA).

Contract & Covenant Review

BDO can review the covenant compliance certificate prepared by the company for the bank together with the supporting documentation and assist in reviewing projections for future covenant compliance and advise on the suitability of accounting policies.
